Tele#: _____ Email: _____

NOTICE: Prior written approval must be secured from the ARC before the start of any work, which changes, alters, modifies, adds to, or deletes from, any exterior appearance of the housing unit or lot. Please review your Covenants, Conditions and Restrictions, Architectural Control and Restrictive Covenants, for additional information. Failure to obtain such prior written approval could subject the unit owner to fines and/or the cost of removing the unapproved change and restoring the unit to its original condition.

The request for approval must include a general description of the work or change, specific location on the unit or lot, type of materials, colors and measurements (If appropriate). If the project involves an enclosure, screening, or exterior alteration or addition, a scale drawing and/or photos or design information will be required.

Such required plans, photos and/or drawings should be attached to this application.
