

ISLAND WALK TOWNHOME CONDO. ASSOCIATION, INC.

INDIVIDUAL OWNER INFORMATION SHEET FOR GATE REMOTES

Important! Should we include your name and telephone number in the gate entry system? Below are your options:

Your name and telephone number can be programmed into the telephone entry system under a specific DIRECTORY CODE. When guests come to visit, they will look for your name in a directory and your directory code will be displayed to the right of your name. Your guest would enter this directory code at which time you will receive a phone call to alert you that you have a guest; and at that time you would have the option to either grant or deny access.

If you do not wish to have your name and phone number displayed, your phone number can be stored in the system without displaying your name on the directory. If you choose this option, you will need to inform your guest of your Directory Code. YES ☐ Display or NO ☐ DO NOT Display

The gate system will also allow you to open the gate/pedestrian gate by entering an ACCESS CODE on the system keypad. To use the Access Code, you would press the # sign, then enter a 4 digit code.

Please pick an Access Code: _____ The HOA will see it's programmed into the system.

All gate options above, require the information below to be filled out.

**It is OPTIONAL if you want to purchase a gate remote at \$23.00 per remote,
payable to "Island Walk Townhome Condo Association, Inc."**

OWNERS NAME: _____ Remote SN No.'s _____
